

STYLES RANKED

Charlie's ranking of all of his high school styles

1. SENIOR

"I'm pretty biased towards this style since I'm living in it currently, but in the big picture, this one is the best."

2. SOPHOMORE

"The emo will always have a special place in my heart. It made me more confident to experiment with different styles, and I'm proud of myself for trying something different."

3. JUNIOR

"I just had too much going on style-wise this year."

4. FRESHMAN

"There's nothing to rank here. I didn't do much with my style."
