REPRESENTATIVE VISITS

College Representative visits — for juniors and seniors only — started on Sept. 8. The majority of these visits are in October with only a few in November and the last one on Dec. 5.

SENIOR
HAS GONE

I LEARNED ABOUT housing and their curriculum, about the artists that they have and their teaching program and how you can [get] credits for English and how it rolls over from JCCC.

STUDENTS MUST REGISTER for an in-person visit within 24 hours of the meeting. Then, they'll get a confirmation email from counseling secretary Carolyn Cahill that will also act as a pass so students can leave class and attend the visit which will be held in the counseling office.

[The clinic] is just a great opportunity to connect one-on-one with a representative from a college or university that you're interested in and to ask them questions. [It's] a good chance to really informally get to know a little bit more about lots of different colleges at one time.
